

Hi Scott & Beverly,

I just want to let you know what an improvement it has been since H&F took over the Littlefield Café.

Caelan (I believe that is his name) does a great job of staying on top of the coffee service. He is always ready with a back-up pot when one runs out and the Half & Half is always kept full as well as the other supplies. He has an upbeat attitude and makes visiting a positive experience. In fact, everyone in there is very pleasant and helpful. I thought you would appreciate some feedback,
